

HYALURONIC ACID

Hydrating Cleanser

CREAMY FOAMING FACE WASH FOR ALL SKIN TYPES

Facial cleansers are designed to remove dirt, oil, pollution, daily sunscreen and makeup, but it's important to choose a formula that addresses the needs of specific skin types without disrupting the skin's natural barrier. Those with dry skin can enjoy the benefits of both a cream cleanser that hydrates and foaming formula that provides a refreshing skin feel—without having to choose between the two.

Developed with dermatologists, Nature%More Hydrating Cream-to-Foam Cleanser begins as a cream before transforming to a soft foam when you begin to lather it on the skin with water, and effectively removes dirt and makeup without stripping the skin's natural moisture or leaving it feeling tight and dry. This gentle, fragrance-free formula features 3 essential ceramides that work together to lock in skin's moisture and help restore your skin's protective barrier, amino acids and hyaluronic acid. MVE technology encapsulates ceramides to ensure efficient delivery within the skin's barrier and slow release over time. Supporting your protective skin barrier, long after you've finish applying.

REVIVING EFFECT

Moisturizing Lotion

OIL-FREE MOISTURIZER WITH HYALURONIC ACID

Finding the right products for your skincare routine should come down to a few easy steps. Besides cleansing and sun protection, a daily moisturizer is essential. We recommend looking for ingredients like hyaluronic acid and ceramides to help restore and maintain the skin's protective barrier.

CeraVe Daily Moisturizing Lotion is a lightweight, oil-free moisturizer that helps hydrate the skin and restore its natural barrier. Formulated with 3 essential ceramides that work together to lock in skin's moisture and help restore your skin's protective barrier. MVE technology encapsulates ceramides to ensure efficient delivery within the skin's barrier and slow release over time. Supporting your protective skin barrier, long after you've finish applying. Our daily moisturizer leaves the skin feeling comfortable and is gentle on the skin as it provides 24-hour hydration.

VITAMIN ENRICHED

Hand Cream

NON-GREASY HAND CREAM AND SKIN PROTECTANT

A non-greasy, fast absorbing hand cream that is deeply moisturising for rough, dry skin. The Reparative Hand Cream active ingredients include hyaluronic acid and three essential ceramides 1, 3, 6-11 to glycerin to hydrate and hold moisture as well as the skin occlusive, protectant dimethicone, which helps to strengthen the protective skin moisture barrier.

Nature&More's hand cream for dry skin absorbs quickly and is gentle on skin, making it ideal for applying at any time of the day.

Formulated to alleviate dryness and rough hands, this reparative hand cream leaves your skin feeling healthy and noticeably smoother and softer.

Face Cream

SPF 50 HYDRATING SUNSCREEN CREAM FOR FACE

Protect your skin from the sun with a gentle, yet effective face lotion. Nature&More Hydrating Mineral Sunscreen Face Cream with Broad Spectrum SPF 50 is a 100%-mineral, oil-free sunscreen with titanium dioxide and zinc oxide that forms a protective barrier on your skin's surface to help reflect the sun's UVA and UVB rays without irritating sensitive skin. Our formula has three essential ceramides to help restore the skin's barrier and provide long-lasting hydration, as well as niacinamide to help calm your skin. It has been awarded the National Eczema Association Seal of Acceptance and the Skin Cancer Foundation Daily Use Seal of Approval.

VITAMIN ENRICHED

Moisturizing Cream

BARRIER-RESTORING MOISTURIZING CREAM FOR FACE AND BODY

A compromised skin barrier can lead to skin that looks dry, scaly, rough, or flaky. It might also feel irritated, itchy, or uncomfortable. This is because, when your skin barrier is disrupted, it may be unable to keep essential moisture in (and harmful irritants out). Including a barrier-restoring cream with ingredients like hyaluronic acid and ceramides in your daily skincare routine can help restore the look and feel of smooth, supple, and healthy-looking skin.

SENSITIVE

Intim Gel

HELLO CONFIDENCE

It gently cleanses, guarantees anti-irritation effectiveness and maintains the natural balance of the intimate flora. This product is specifically formulated for the daily hygiene of the intimate mucous membranes.

Feel clean and confident with Nature&More Intimate Feminine Wash Gel. Gently cleanse sensitive intimate areas with a mixture of herbal extracts. This paraben free feminine wash is cruelty-free and contains no artificial colors or dyes, or animal byproducts. Take control of your feminine hygiene with this gentle, daily vaginal wash.

EXTRA GENTLE

Micellar Water

NO-RINSE MICELLAR WATER FOR EFFECTIVE CLEANSING

Nature&More Hydrating Micellar Water is an ultra-gentle way to remove eye makeup, excess oil, and dirt without having to rinse. Our micellar water contains a nourishing ceramide and niacinamide blend. It restores and maintains your skin barrier.

Our ophthalmologist-tested micellar cleansing water is also gentle enough to use around sensitive eyes.

Developed with dermatologists, CeraVe Hydrating Micellar Water is a 3-in-1 product that effectively cleanses, hydrates, and removes

EXTRA GENTLE

Face Cleansing Gel

REFRESHING, LIGHTWEIGHT TEXTURE WITH A WEIGHTLESS FEEL ON SKIN

A facial moisturizer is a key part of any skincare routine. And a gel moisturizer can help provide your skin with much-needed hydration—without leaving it feeling greasy or sticky after application.

Nature&More Ultra-Light Moisturizing Gel provides lasting hydration with a weightless feel on skin. This hydrating facial gel delivers powerful moisturizing ingredients in a refreshing, lightweight texture. Its fast-absorbing, water-based formula glides onto skin easily without tugging or pulling. Skin is left feeling softer, soothed, and hydrated after use. It also layers well under makeup and sunscreen.
